WE SALUTE OLD ROCHESTER STUDENTS

What's in a school? It takes far more than brick, mortar and equipment to build a fine institution of learning. The traditions built with the character and pride of the students are just as important as the finest facilities. We salute both the people of Rochester, Marion and Mattapoisett for their beautiful, new Regional High School and their sons and daughters who are now in the process of building a tradition and spirit that will be passed on and which will be added to by new generations of students. The fine start by the new football team indicates that the spirit of the these students is something to build on with pride. Roll on Old Rochester High!

OFFICE OF ASSESSORS

PUBLIC NOTICE

Boats are subject to taxation under Chap.59 Sec. 20, General Laws.

Assessors should not be criticised for doing their job. The efforts of the assessors to assess, impartially, all pleasure boats in their Town should be recognized not as any additional burden on the taxpayer, but as a just and equitable assessment which the assessors are required, by law, to levy. It should be borne in mind that the assessor, once he has taken the oath of his office, no longer functions as an employee of the Town but is a public officer subject only to the General Laws of the Commonwealth.

There seems to be a great deal of misunderstanding as to the assessment on boats but they must be assessed as personal property under the laws of the Commonwealth with the exception of fishing boats which are exempt by law if the owner makes his entire livelihood by fishing.

On display will be projects accomplished by Girl Scouts and Brownies during the year.

At each P-TA meeting classroom visitations are held from 7:30 to 8 P.M. for parents wishing to confer with their child's teacher. The half hour before the P-TA business provides the opportunity for parents and interested individuals to visit classrooms and view the work of pupils on display.

Included in the program printed up by the Program Committee is an excerpt from the National Education Association code of ethics: "The primary obligations of the teaching profession is to guide children, youth and adults in the pursuit of knowledge and skills, to prepare them in the ways of democracy, and to help them to become happy, useful, self-supporting citizens. The ultimate strength of the nation lies in the social responsibility, economic competence, and moral strength of the individual American."

Serving on the program committee are Tyler Wooster, Grade 5 teacher at Rochester Memorial School; Mrs. Urho Wainio and Mrs. Edwin Rinta. Mrs. Harry A. Brown, Jr. is president of the Rochester Parent-Teachers
